Explanation.—Where in the case of the business of a hotel, any building, or any part thereof, previously used as a hotel, or any machinery or plant, or any part thereof, previously used for any purpose, is transferred to a new business and the total value of the building, machinery or plant or part so transferred does not exceed twenty per cent. of the total value of the building, machinery or plant used in the business, then, for the purposes of clause (a) of this sub-section, the condition specified therein shall be deemed to have been complied with and the total value of the building, machinery or plant or part so transferred shall not be taken into account in computing the capital employed in the business of the hotel.';

(e) after sub-section (6), the following sub-sections shall be inserted with effect from the 1st day of April, 1976, namely:—

'(6A) Where the assessee is a person other than a company or a co-operative society, the deduction under sub-section (1) from profits and gains derived from an industrial undertaking shall not be admissible unless the accounts of the industrial undertaking for the previous year relevant to the assessment year for which the deduction is claimed have been audited by

Explanation.—In this sub-section, “market value”, in relation to any goods, means the price that such goods would ordinarily fetch on sale in the open market.
